

## **LOPF MANAGEMENT**

There is a 20 member Board and an Executive Director, who has been given the responsibility to manage the Foundation which has a corpus of almost \$700,000. This has been raised in conjunction with the Lions of Multiple District 14.

The interest from this corpus is what provides the grants that are given out twice each year.

There is a member of the Board for each Lions District, plus a representative from each of the other two foundations – The Eye Research Foundation and the Hearing Foundation.

The Board meets each time that the State Council meets, and then the Executive Board meets in between meetings.
